My comment:

CSG mining is pure insanity.

Just like water fluoridation and geoengineering (chemtrails - spraying poisons over the earth), and the pollution of microwaves (wifi, mobile phones, "smart meters" etc..), csg mining is completely stupid, criminal, horrifying, insane...

it is time to stop permanently all the shockingly criminal and insane poisoning of all living beings of the earth.

It is the responsibility of all those who are not dumbed down by the media to scream out loud their dissatisfaction. Please stop the poisoning of the air, the water, the environment!!! You who read this share also the responsibility to protect life on earth.
