Dear Sir/Madam,

Please be prudent on your review of CSG mining in NSW. Give all of the risks their full weight.

I live in the Illawarra and there is overwhelming public position to CSG mining in this region. Especially, in water catchments.

This is a crucial moment to encourage renewable energy, and fast. Coal Seam Gas is far from that.

Thanks for your time.

Yours Sincerely,

Annalise Friend  
Wombarra NSW 2515
