History:

This message has been replied to and forwarded .

I am a winemaker who owns and runs a successful vineyard in the Stroud Gloucester Valley.

I have a BSc (Chemistry, Biology, Stats.)

I was a member of Duralie Coal Consultative Committee for 6 consecutive years until 2012.

I write to indicate my complete support for the BGSPA submission to the Review of CSG by the NSW Chief Scientist and my admiration for the very fair, responsible & thorough professional work involved in its preparation.

All of that considered & excellent work done by locals, under the Chair of Graeme Healy, in their own time with no financial compensation.

Helen Gillard
